

# Roff Clean

ALL PURPOSE TILE CLEANER AND HAZE REMOVER

## Description

**Roff Clean** removes cement, grout and salt stains from ceramic tiles without the need for aggressive caustic chemicals.

## Features

- Fast acting
- Does not emit dangerous or unpleasant fumes.

## Packaging

5 ltr units

## INSTRUCTION FOR USE

- Roff Clean should be applied liberally onto the affected area and left for 5-15 minutes to react. Rinse the reacted product after maximum of 15 minutes using copious amounts of water, preferably by hosing. Heavy deposits of cement may require repeated application together with scrubbing with a stiff brush, taking care not to scratch the tile surface. Accidental spillage should be removed immediately.
- Roff Clean will not attack metals as readily as products containing hydrochloric acid, however some reaction cannot be discounted, particularly on highly polished surfaces. A trial should be carried out on an unfixed tile prior to any application of the product.

## Storage

When stored in dry conditions out of sunlight in original unopened packaging this product has a shelf life of 12 months. Storage above 35°C will reduce shelf life and product performance.

## Health and safety Precautions

This products is mildly corrosive and care should be taken to avoid contact with skin, eyes and clothing. Rubber gloves must be worn when using Roff Clean. Avoid contact with eyes, use eye protection. If contact with eyes occurs, irrigate with water for 20 minutes and seek medical advice. Do not ingest, if mistakenly ingested, drink plenty of clean water and seek medical advice.
